## EDUCATION

### INTEGRAL UNIVERSITY BCA

2020-2023

CURRENT GPA: 8.70

### BRIGHT CAREER COLLEGE SENIOR SECONDARY

2017-2020

## COURSEWORK

### UNDERGRADUATE

- Java/C++ • DBMS
- OOP Concepts
- Web Design
- Operating Systems

## SKILLS

### PROGRAMMING

- Java • Kotlin • SQL
- HTML • CSS
- Object Oriented Programming
- Android Development

### TOOLS AND SOFTWARE SKILLS

- GitHub • MySQL
- Vs Code/IntelliJ IDEA
- Android Studio • Linux
- Adobe Ae/Pr/Ps

### PERSONAL SKILLS

- Adaptability
- Management • Team Work
- Problem Solving • Self Disciplined
- Communication Skills

## ACHIEVEMENTS

- Cracked a Software Developer Internship at **The Barrownz** through campus placements.
- Grew OTT Informer **Instagram** by 30K+ followers in 2 years
- Grew OTT Informer **Facebook** by 50K+ followers in 2 years

## LEADERSHIP

### ADMIN FOR OTT INFORMER

- Administered **OTT Informer** with 150K+ followers for more than 2 years

## PROJECTS

### BUNK TRACKER | JAVA, XML, ANDROID STUDIO

December 2022

- Developed an app that can count the classes bunked by the students.
- Student can add the subjects in the app and record bunks in those subjects
- Tells the attendance percentage of the students after recording bunk.
- **GITHUB REPOSITORY**

### PDF INVOICE GENERATOR | JAVA, XML, iTEXT7, ANDROID STUDIO

April 2023

- Developed an android app that generates PDF invoice.
- Used iText7 library
- The app supports user input.
- **GITHUB REPOSITORY**

### WEATHER FORECAST APP | JAVA, XML, VOLLEY, SHARED PREFERENCES, OPENWEATHER API, ANDROID STUDIO.

April 2023

- Developed an Android application that displays the current weather at the user's location using the OpenWeather API.
- Utilized the Volley library to fetch weather data from the API and stored it in shared preferences for offline use.
- Designed a clean and intuitive user interface using XML
- **GITHUB REPOSITORY**
